Community schools are tax supported but privately operated. There is no tuition; however, there is a \$250.00 materials fee due for each school year for each child enrolled in the school. This fee covers the many consumables that are used by the students. By enrolling your child, you are agreeing to pay this fee. Payment arrangements may be made by contacting the school office or principal.

As a community school, parent participation and involvement is very important to our school and to the success of your child. By enrolling your child, you are agreeing to play a vital role in your child's education by ensuring your child maintains good attendance, arrives on time and remains in school for the duration of each school day. This role will also include monitoring homework for completion and encouraging reading at home. Depending on your situation, it may include, volunteering at school, participating in the parent organization, and participating in after-school activities. Other requirements include dropping off and picking up your child on time, attending parent/teacher conferences, returning forms and permission slips in a timely manner, and calling in student absences.

Constellation Schools: Parma Community is a community school established under Chapter 3314 of the Revised Code. The school is a public school and students enrolled in and attending the school are required to take achievement tests and other examinations prescribed by law. In addition, there may be other requirements for students at the school that are prescribed by law. Students who have been excused from the compulsory attendance law for the purpose of home education as defined by the Administrative code shall no longer be excused for that purpose upon their enrollment in a community school. For more information about this matter, contact the school administration or the Ohio Department of Education.

I/We agree to the above terms and hereby submit this application to enroll my/our child.
